Increase Brand Awareness: Grow social media following by 50% and website traffic by 30% over the next 6 months.

Generate Leads: Acquire 10000 new leads per month through digital marketing efforts.

Drive Conversions: Achieve a 10% conversion rate from website visitors to consultations.

Customer Retention: Maintain a customer satisfaction score of 90% or higher and achieve an 80% customer retention rate.

Focus on **middle to upper-middle-class** homeowners aged 20-55, with a college education and disposable income.

Who lives in **Urban areas** in Egypt, particularly Cairo, Giza, and new cities.

Value Sustainability, environmental responsibility, healthy living.

And Interests in Gardening, cooking, interior design, community activities and home improvement.

Name: Sarah El-Masry

Age: 30

Occupation: Marketing

Manager

Location: Cairo, Egypt **Income**: EGP 150,000 per

year

Family Status: Married with two children

Education: Bachelor's degree in Business Administration

Background:

Sarah lives in a mid-sized apartment in Cairo with her family.

She has a busy professional life but values spending quality time with her family. Sarah is passionate about sustainability and

environmental conservation.

Goals:

To create a green, relaxing space on her rooftop where her family can unwind.
To contribute positively to the environment by reducing her carbon footprint.
To grow her own herbs and vegetables for a healthier lifestyle.

Challenges:

Limited time to dedicate to gardening due to her busy schedule.

Lack of knowledge about suitable plants and gardening techniques for rooftop spaces.

Concerns about the initial cost and ongoing maintenance of a rooftop

garden.

Interests:

Sustainability and ecofriendly practices.
Home improvement and interior design.
Cooking and using fresh, home-grown ingredients.
Participating in community gardening events and workshops.

Values:

Environmental responsibility and sustainability.
Quality family time and creating a beautiful home environment.
Health and wellness through organic gardening.

Marketing Message:

Transform your rooftop into a green oasis with Naturoofs. Our customized gardening solutions make it easy for you to create a beautiful, sustainable space that enhances your home and benefits the environment. Join our community and start your gardening journey today!"

Unique Selling Proposition (USP):

<u>Customized and Sustainable Urban Gardening Solutions</u>

1.Personalized Design:

• We provide custom-made garden designs that reflect the individual style and requirements of our clients.

2. Sustainability Focus:

• We use eco-friendly materials, organic fertilizers, and drought-resistant plants to create green spaces that are both beautiful and environmentally responsible.

3.Expert Knowledge and Support:

We offer ongoing support through regular maintenance services and educational workshops.

4.Enhanced Urban Living:

• Our gardens help reduce urban heat, improve air quality, and provide a serene retreat.

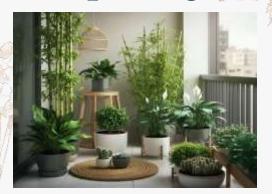

5.Community Engagement:

• Our workshops and events bring people together, promoting a collective effort towards a greener, more sustainable urban environment.

Naturoofs' unique selling proposition lies in our ability to combine personalized, sustainable gardening solutions with expert support and community engagement, making us the go-to choice for eco-conscious homeowners looking to enhance their urban living spaces.

هل فكرت يومًا في تحويل سطح بيتك إلى جنة خضراء؟ الزراعة على الأسطح مش بس بتضيف جمال لمنزلك، لكن كمان ليها فوائد كتير للصحة والبيئة. ~

فوائد الزراعة على الأسطح:

تحسين جودة الهواء: النباتات بتمتص ثاني أكسيد الكربون وتنتج الأكسجين، وده بيساعد في تحسين جودة الهواء حوالينا. تقليل الحرارة: الأسطح المزروعة بتقلل من تأثير الحرارة في المدن، وده بيخلي الجو ألطف وأبرد.

إدارة مياه الأمطار: النباتات بتمتص مياه الأمطار، وده بيساعد في تقليل الفيضانات وتحسين إدارة المياه.

زيادة التنوع البيولوجي: الأسطح المزروعة بتوفر موائل للحشرات والطيور، وده بيساهم في زيادة التنوع البيولوجي في المدن. فوائد نفسية: المساحات الخضراء بتساعد في تقليل التوتر وتحسين المزاج، وبتوفر مكان هادئ للاسترخاء.

زيادة قيمة العقار: الأسطح المزروعة بتزيد من قيمة العقار بسبب الجمال والفوائد البينية.

ابدأ رحلتك مع ناتوروفس وحؤل سطح بيتك إلى واحة خضراءا

#زراعة_الأسطح #استدامة #بيئة #جمال_المنزل

هل لديك أي استفسارات أو تحتاج إلى مساعدة في بدء مشروع الزراعة على السطح؟ ﴿ ﴿ * تواصل معنا الله: .

تنتج النباتات الخضراء 1.0 لتر من الأكسجين سنويا مما يساعد في تحسين البيئة المحيطة وجعلها أكثر صحة. كما تستهلك ٨.٥ لتر من تاني أكسيد الكربون مما يقلل من أضراره على الهواء. هل تريد إنشاء مصنع للأكسجين في بيتك ومنقي طبيعي للهواء؟.. اتصل بنا الأن

Contro

Marketing KPIs

1.Website Traffic

- **Metric**: Number of unique visitors per month.
- Goal: Increase website traffic by 30% over the next 6 months.

2.Lead Generation

- **Metric**: Number of new leads generated through the website and social media.
- Goal: Generate 10000 new leads per month.

3.Conversion Rate

- **Metric**: Percentage of website visitors who book a consultation or service.
- Goal: Achieve a 10% conversion rate from website visitors to consultations.

4. Social Media Engagement

- Metric: Number of likes, comments, shares, and followers on social media platforms.
- **Goal**: Increase social media engagement by 50% over the next 3 months.

5.Email Open Rate

- Metric: Percentage of recipients who open marketing emails.
- Goal: Achieve a 25% open rate for email campaigns.

Social media marketing Monthly report

We have prepared this report for the first month based on analyzing data from advertising campaigns, social media performance, content evaluation, audience interactions and demographic data

- The Engagement on Instagram, Facebook is low and not as targeted.
- the most engagement of Content was with videos, mor than stories, images, and written posts.
- The result of advertising camping on Facebook was not bad.., it was 137,088 reach throw 5 days only for 406 LE, But this doesn't achieve our goal.
- The audience age and gender were as targeted but location was limited to 3 cities out of 7, Cairo, Alexandria and Giza only.

- develop the social media pages and the website to be more professional.
- Change the content strategy to be more effective in customer engagement.
- Provide creative and attractive content.
- Focus more on video content and improving it.
- Increase the budget allocated for paid ads and to promote posts on Facebook and Instagram.
- Focus on targeting customers in Cairo, Alexandria and Giza only due to the low cost and ease of access.
- Regularly update and optimize website content based on keyword performance and search trends.

We appreciate your time and interest in Naturoofs. Together, we can create beautiful, sustainable green spaces that enhance urban living and contribute positively to the environment.

Let's make our cities greener, one rooftop at a time.

Any questions?
